

IMPORTANT TERMS OF OUR HOME EQUITY LINE OF CREDIT (CCHL)

This disclosure contains important information about our Home Equity Line of Credit. **You should read it carefully and keep a copy for your records.**

Availability of Terms: The terms described below are subject to change at any time. If these terms change (other than the annual percentage rate) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you have paid to us or anyone else in connection with your application.

Security Interest: We will take a mortgage, deed of trust or other security interest on your home. You could lose your home if you do not meet the obligations in your agreement with us.

Possible Actions: We can terminate your line, require you to pay us the entire outstanding balance in one payment, and charge you certain fees if:

- You engage in fraud or material misrepresentation in connection with the line.
- You do not meet the repayment terms.
- Your action or inaction adversely affects the collateral or our rights in the collateral.
- The prospect of payment, performance, or realization of our rights in the collateral is significantly impaired by your action or inaction (including, for example, if you engage in fraud or material misrepresentation in connection with the line at any time).

We can refuse to make additional extensions of credit or reduce your credit limit if:

- The value of the dwelling securing the line declines significantly below its appraised value for purposes of the line.
- We reasonably believe you will not be able to meet the repayment requirements due to a material change in your financial circumstances.
- You are in default of a material obligation in the agreement.
- Government action prevents us from imposing the annual percentage rate provided for or impairs our security interest such that the value of the security interest is less than 120 percent of the credit line.
- A regulatory agency has notified us that continued advances would constitute an unsafe and unsound practice.
- The maximum annual percentage rate is reached.

The initial agreement permits us to make certain changes to the terms of the agreement at specified times or upon the occurrence of specified events.

Minimum Payment Requirements: You can obtain advances of credit for **120** months (the "Draw Period"). Payments will be due monthly during the Draw Period, and will be determined as described below:

Monthly Payments of Interest and Fees: The amount of finance charge accrued on outstanding advances each month, plus any fees and any amounts past due. This minimum payment will not reduce the principal that is outstanding on your credit line.

After the Draw Period ends, you will no longer be able to obtain credit advances and must pay the outstanding balance over **180** months (the "repayment period"). Payments will be due monthly during the repayment period, and will be determined as described below:

The amount sufficient to amortize the principal amount you owe on the last day of the Draw Period, plus interest, in substantially equal monthly installments during the repayment period, plus any fees and any amounts past due.

Minimum Payment Example: If you made only the minimum monthly payments and took no other credit advances, it would take **300** months to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of **10.500%**. During that period, you would make **120** monthly payments varying between **\$80.55** and **\$89.18** in the draw period followed by **179** monthly payments of **\$110.54** in the repayment period and a final payment of **\$108.94**.

Fees and Charges: You must pay the following fees to open and maintain your line of credit:

Closing Fees to Us. You must pay the following to us to open your line of credit:

FEES	Amount
Underwriting Fee	\$699.00
Commitment Fee	\$699.00
Appraisal Review Fee	\$60.00
Prepaid Interest	\$29.59
Total:	\$1,487.59

Estimation of Third Party Closing Fees. The following is a good faith estimation of the fees you will have to pay at closing to third parties to open your line of credit:

FEES	Amount
Origination Points	\$600.00
Appraisal Fee	\$425.00
Credit Report	\$115.50
Flood Certification	\$8.00
MERS Registration	\$11.95
Settlement or Closing Fee	\$500.00
Owners Title Insurance	\$2,040.00
Lenders Title Insurance	\$204.00
Closing Protection Letter	\$35.00
Recording Fees	\$80.00
State Tax/Stamps	\$183.00
GA GRMA Fee	\$10.00
Total:	\$4,212.45

Fees to Use Your Account. You must pay us the following fees to use your account:

- Returned Payment Fee: \$30.00 (due for each payment check, draft, or similar instrument which is returned unpaid)**

Property Insurance. In addition to the fees and charges described above in this section, you must carry insurance (hazard and flood insurance, as applicable) on the property that secures the line of credit. **You may obtain all required property insurance from and through anyone you choose that is reasonably acceptable to us.** (You may not obtain required property insurance from or through us.)

Minimum Draw Requirements: The minimum initial credit advance you can receive is **\$100.00**.

The minimum credit advance you can receive after any required minimum initial advance is **\$100.00**.

Tax Deductibility: You should consult a tax advisor regarding the deductibility of interest and charges for the line.

Other Products: If you ask, we will provide you with information on our other available home equity lines.

Variable-Rate Feature: The line has a variable rate feature, and the annual percentage rate (corresponding to the periodic rate) and the minimum payment can change as a result of this feature.

The annual percentage rate includes only interest and not other costs.

The variable annual percentage rate will be based on the value of an index. The index is the most recently published **Prime Rate** as of each day in the "Money Rates" table of *The Wall Street Journal*. (If more than one index value is published we will use the highest published index value.)

To determine the annual percentage rate that will apply to your line, we add a margin to the value of the index. We will then round the result up to the nearest **0.125** percentage points.

Ask us for the current index value, margin and annual percentage rate. After you open a credit line, rate information will be provided on periodic statements that we will send you.

Rate Changes: The annual percentage rate can change daily the first day of the Monthly Statement Period after the Index changes (if the index changes). The maximum **ANNUAL PERCENTAGE RATE** that can apply under the variable-rate feature is **16.000%**. Except for this lifetime rate cap, there is no limit on the amount by which the variable interest rate can increase during any one year period. The minimum **ANNUAL PERCENTAGE RATE** that can apply under the variable-rate feature is **3.250%**.

Maximum Rate and Payment Example: If you had an outstanding balance of \$10,000 during the draw period, the minimum monthly payment during the draw period at the maximum **ANNUAL PERCENTAGE RATE** of **16.000%** (this maximum rate is **5.5** percentage points above the most recent index plus margin shown in the Historical Example below) would be **\$135.89**. This annual percentage rate could be reached during the **1st** month following the date your line of credit is opened.

If you had an outstanding balance of \$10,000 at the beginning of the repayment period, the minimum monthly payment during the repayment period at the maximum **ANNUAL PERCENTAGE RATE** of **16.000%** (this maximum rate is **5.5** percentage points above the most recent index plus margin shown in the Historical Example below) would be **\$146.87**. This annual percentage rate could be reached on the first day of the repayment period.

Historical Example: The following table shows how the annual percentage rate and the minimum monthly payments for a single \$10,000 credit advance would have changed based on changes in the index over the past 15 years. The index values are from **January 1st** of each year. While only one payment amount per year is shown, payments could have varied during each year of the draw period and of the repayment period. The table assumes that no additional credit advances were taken, that only the minimum payments were made each month, and that the rate remained constant during each year. The table does not necessarily indicate how the index or your payments will change in the future.

	Year	Index	Margin*	ANNUAL PERCENTAGE RATE	Minimum Monthly Payment

	2026	6.750 %	3.750 %	10.500 %	\$110.39

IMPORTANT TERMS OF OUR HOME EQUITY LINE OF CREDIT (RHYZE)

This disclosure contains important information about our Home Equity Line of Credit. **You should read it carefully and keep a copy for your records.**

Availability of Terms: The terms described below are subject to change at any time. If these terms change (other than the annual percentage rate) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you have paid to us or anyone else in connection with your application.

We can refuse to make additional extensions of credit or reduce your credit limit if:

- The value of the dwelling securing the line declines significantly below its appraised value for purposes of the line.

- A regulatory agency has notified us that continued advances would constitute an unsafe and unsound practice.

The initial agreement permits us to make certain changes to the terms of the agreement at specified times or upon the occurrence of specified events.

Minimum Payment Requirements: You can obtain advances of credit for **120** months (the "Draw Period"). Payments will be due monthly during the Draw Period, and will be determined as described below:

Monthly Payments of Interest and Fees: The amount of finance charge accrued on outstanding advances each month, plus any fees and any amounts past due. This minimum payment will not reduce the principal that is outstanding on your credit line.

After the Draw Period ends, you will no longer be able to obtain credit advances and must pay the outstanding balance over **240** months (the "Repayment Period"). Payments will be due monthly during the Repayment Period, and will be determined as described below:

The amount sufficient to amortize the principal amount you owe on the last day of the Draw Period, plus interest, in substantially equal monthly installments during the Repayment Period, plus any fees and any amounts past due.

Periodic Finance Charges (interest) begin to accrue on the day an Advance is charged to your Credit Account and continue until the outstanding balance on the Advance is paid in full. Periodic Finance Charges on your Credit Account will be determined by applying a Daily Periodic Rate to the daily balance (including current transactions) of Advances owed on your Credit Account. To calculate the daily balance of Advances, we take the beginning balance of Advances owed on your Credit Account each day, add any new Advances, and subtract any payments or credits applied to Advances. This gives us the daily balance of Advances (including current transactions). We then apply the applicable daily periodic rate to each daily balance of Advances and add up the results of this daily interest computation for each day of the Monthly Statement Period. This total is the periodic Finance Charge for the Monthly Statement Period. We will determine your Daily Periodic Rate by adding a Margin to the Index, rounding up to the nearest percentage points and dividing the result by 360. Ask us for the current Index, Margin, and Annual Percentage Rate.

Fees and Charges: You must pay the following fees to open and maintain your line of credit:

Closing Fees to Us. You must pay the following to us to open your line of credit:

Fees to Use Your Account. You must pay us the following fees to use your account:

- Annual Fee: \$150.00 unless otherwise limited by state law (this fee is due beginning on the date of the first payment due date and each year after that unless otherwise limited by state law)**

- Release Fee: \$200.00 (due to cover recording or filing costs when we release the Security Instrument for this Credit Account - this is an estimate)**
- Late Fee: If you do not make the full current minimum payment due within 15 days after the date it is due, a late fee of 4.000% of the overdue payment will be charged, unless otherwise limited by state law.**

- **Returned Payment Fee:** You agree to pay us a returned payment fee for each payment whether by check, draft, ACH, electronic payment, or similar instrument, which is returned unpaid or for insufficient funds. The returned payment fee may be up to **\$50.00** and may vary by state. In some states, including Florida and Georgia, the returned payment fee may be greater than **\$50.00** and up to **5.000%** of the face amount of the returned payment. Box 209, Hancock, MI 49930.

Property Insurance. In addition to the fees and charges described above in this section, you must carry insurance (hazard and flood insurance, as applicable) on the property that secures the line of credit. **You may obtain all required property insurance from and through anyone you choose that is reasonably acceptable to us.** (You may not obtain required property insurance from or through us.)

Tax Deductibility: You should consult a tax advisor regarding the deductibility of interest and charges for the line.

Other Products: If you ask, we will provide you with information on our other available home equity lines.

Variable-Rate Feature: The line has a variable rate feature, and the annual percentage rate (corresponding to the periodic rate) and the minimum payment can change as a result of this feature.

The annual percentage rate includes only interest and not other costs.

The variable annual percentage rate will be based on the value of an index. The index is the most recently published **Prime Rate** as of each day in the "Money Rates" table in *The Wall Street Journal*. (If more than one index value is published we will use the highest published index value.)

To determine the annual percentage rate that will apply to your line, we add a margin to the value of the index. We will then round the result up to the nearest **0.125** percentage points.

Ask us for the current index value, margin and annual percentage rate. After you open a credit line, rate information will be provided on periodic statements that we will send you.

Rate Changes: The annual percentage rate can change daily on the first business day following the date that a Prime Rate change is published in *The Wall Street Journal*. The maximum **ANNUAL PERCENTAGE RATE** that can apply under the variable-rate feature is **18.000%**. Except for this lifetime rate cap, there is no limit on the amount by which the variable interest rate can increase during any one year period. The minimum **ANNUAL PERCENTAGE RATE** that can apply under the variable-rate feature is the Initial Rate minus **1.25%** or **6%**, whichever is greater.

Maximum Rate and Payment Example: If you had an outstanding balance of \$10,000 during the draw period, the minimum monthly payment during the draw period at the maximum **ANNUAL PERCENTAGE RATE** of **18.000%** (this maximum rate is **9** percentage points above the most recent index plus margin shown in the Historical Example below) would be **\$155.00**. This annual percentage rate could be reached during the **1st** month following the date your line of credit is opened.

If you had an outstanding balance of \$10,000 at the beginning of the repayment period, the minimum monthly payment during the repayment period at the maximum **ANNUAL PERCENTAGE RATE** of **18.000%** (this maximum rate is **9** percentage points above the most recent index plus margin shown in the Historical Example below) would be **\$154.33**. This annual percentage rate could be reached during the first day of the repayment period.

Historical Example: The following table shows how the annual percentage rate and the minimum monthly payments for a single \$10,000 credit advance would have changed based on changes in the index over the past 15 years. The index values are from **July 1st** of each year. While only one payment amount per year is shown, payments could have varied during each year of the draw period and of the repayment period. The table assumes that no additional credit advances were taken, that only the minimum payments were made each month, and that the rate remained constant during each year. The table does not necessarily indicate how the index or your payments will change in the future.
